Special Accessibility Technology tools for PWD: Website accessibility:

Accessible and handy websites allow a larger segment of society to access the internet and look for information. In addition to this, our university website is developed in a PwD friendly manner as it offers accessibility tools such as:

- Text Font adjustment,
- Grayscale mode,
- High contrast mode,
- Negative contrast mode,
- Readable fonts,
- Links underline tools and many more.

These tools help the website visitors to easily access the website at their own ease.
