National Conference on Nurturing Young Minds For Scientific Innovations-2025 (NYMSI-2025)

15-16 May, 2025

Organized By
School of Life Sciences

In Collaboration with

Himalayan Life Science Society

Venue:

**Central University of Himachal Pradesh,
Shahpur Campus**

About the Conference

NYMSI-2025 aims to engage and share ideas among scientists, engineers, and young researchers, who are actively working in the biological and chemical sciences. Various fascination sessions, from current advances to basic research, will be covered during NYMSI-2025. Its foundation is the acquisition and dissemination of knowledge regarding recent developments in biological and chemistry sciences. Biologists of all shades will have an unparalleled opportunity to discuss the most recent developments in the field and share their findings with colleagues at NYMSI-2025.

Invited Lectures: The conference shall have invited lectures from eminent and renowned scientists from India and abroad involved in the development of Life Sciences.

Additionally, presentations of the contributed abstracts will be made by Oral and Poster Presentations. The chance to discuss research findings will be given to young researchers pursuing masters, doctorates or postdoctoral studies.

Conference Awards: Note that the panel of experts will decide the Best Paper Awards for the oral and poster sessions. The Young Scientist Award will be given to the eminent scholars (please check conference website for further details).

About Central University of Himachal Pradesh (CUHP)

Situated in the lap of majestic Dhauladhar Mountains the Central University of Himachal Pradesh is established under the Central Universities Act 2009 (No. 25 of 2009) under the act of Parliament. The University is funded and regulated by the University Grants Commission (UGC) and became functional with the assumption of charge by the first Vice Chancellor on 20th January 2010. The University strives for Inclusive Access to Excellence in Higher Education and Research to emerge as the premier university of the country at par with the best universities of the world in terms of programme offerings, curricular framework, pedagogy, research, publications, and integration with the world of work.

About the School of Life Sciences (SOLS)

The School of Life Sciences at the “Central University of Himachal Pradesh” comprises of three Departments, namely Department of Animal Sciences, Department of Plant Sciences, and Centre for Computation Biology & Bioinformatics. As a whole School is rich in faculty, PG students, Research Scholars and various other state-of-the-art facilities, which make this school a unique place of study. The various teachers are highly trained and alumni from different international and nationally reputed universities. Research work is very encouraged in the school and published high impact research in international peer-reviewed journals every year. The faculty of school places a strong emphasis on interacting with students and encouraging their intellectual and professional development.

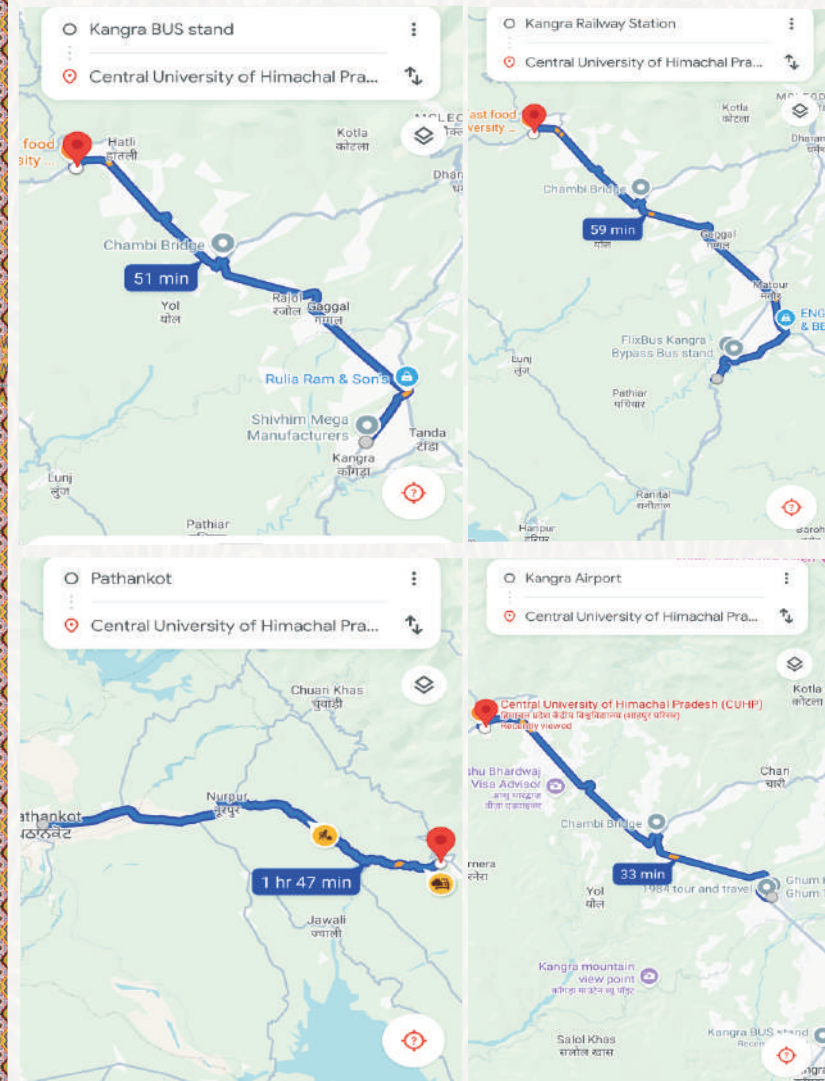

About the Himalayan Life Science Society (HLSS)

Himalayan Life Science Society (HLSS) is a Registered Society under Himachal Pradesh Societies Registration Act 2006 (Act No. 25 of 2006) with Registration Number HPCD-3691 dated 19-02-2021 and approved by School Board, School of Life Sciences and Academic Council as well as Executive Council of Central University of Himachal Pradesh. The Society is constituted to provide an academic platform to students, researchers, teachers and non-teaching staff of the School of Life Sciences and other stakeholders.

Who Can Attend ?

Conference is open for all professionals, researchers, academic, policy makers, extension functionaries, industry, farmer and studies.

How to reach

Theme of interest include (but is not limited to)

1. Biotechnology and Bioinformatics
2. Sustainable Livestock Production System
3. Nutritional Security and Biodiversity
4. From Atoms to Life: The Interconnected World of Science
5. Reviving Traditional Wisdom for Future Generation

Submission of Abstracts

An extended abstract based on original research findings shall be submitted and should not have been submitted earlier for publication/presentation in any media or platform. The abstract will pass through peer-review process and selected for oral/poster presentations during different technical sessions. Abstract without registration fee will not be acceptable for oral/poster presentations.

Author Guidelines

Professionals from academic/Research institutions and industry who are actively working in the chemical and biological sciences are invited to participate in the conference and share their research findings & ideas. Authors desirous of presenting papers in the conference are requested to submit the abstract through online mode at <https://forms.gle/vT4tWssyRXpgWnJz8> of their papers on or before April 30, 2025, in MS Word format. Abstracts of technical papers should cover details of research work within 250 words. The detailed guidelines may be checked at conference Website: <https://sites.google.com/view/conference-2025>
