Dharamsala, May 20

President Ram Nath Kovind conferred the National Geoscience Award 2017 on Prof Mahajan at Vigyan Bhawan in New Delhi, recently.

This year, 26 scientists have received the National Geoscience Awards as individuals or team for meritorious contributions in 12 fields of geosciences.

Prof AK Mahajan, a scientist from the Wadia Institute of Himalayan Geology, Dehradun, and currently with the Central University of Himachal Pradesh, received the individual award in the field of applied geophysics for his contribution to the societal aspects, especially developing a methodology for seismic microzonation. The National Geoscience Awards (previously known as the National Mineral Awards) were instituted by the Ministry of Mines in 1966 to honour individuals and teams of scientists for their extraordinary achievements and outstanding contributions in fundamental and applied geosciences and mining and allied fields

President Pranab Mukherjee conferred Visitor's Award on Dr Deepak Pant, Dean and head, environmental science, Central University of Himachal Pradesh, for developing a reactor that can covert waste plastic into LPG. The award was presented to him by the President on March 6 at Rashtrapati Bhawan in presence of Union Minister for HRD Prakash Javdekar. Dr Pant, a recipient of different national-level awards, has proposed a novel idea in which plastic is put into his 'reactor module', which converts it into LPG. The procedure can be performed in households. While the average household consumption of plastic is typically 120 g per day, the proposed reactor is capable of producing 100 g of LPG per day, which is enough to meet the requirements of an average family.

Dr Upadhaya honoured

Dr Gitanjali Upadhaya, assistant professor, School of Business and Management Studies, CUHP, presented a paper titled 'Wisdom from the Gita for spiritual leadership in business' at the International Conference on Spirituality and Skill for Leadership and Sustainable Management on February 18 and 19 organised by the School of Management Sciences, Varanasi (UP).

'Literary discourses important'

A two-day international seminar on literary discourse across cultures was held on March 8 and 9 at CUHP, in which Dr RL Sharma, convener, said literary discourses across cultures in the current context was an integral part of academic growth, as it not only suggested presence of various ideologies, but also implied that a healthy atmosphere where debates and discussions could be held was possible. The seminar was organised by the department of English. Prof Manuel Broncano from A and M International University, USA, was the key speaker and spoke on the relationship between art and imitation. He also explained how various art forms were interdependent. Prof Gurupadesh Singh of Guru Nanak Dev University, Amritsar; Prof Rajesh Kumar Sharma of Panjabi University, Patiala; and Prof Swaraj Raj of Guru Gobind Singh World University, Fatehgarh Sahib, were the other resource persons present on the occasion.

Poem recitation marks Women's Day

International Women's Day was celebrated at the Sharda girl's hostel, where Rangoli, poster making, collage making and poem recitation competitions were held. In the collage-making competition, Krishma and Dipashi stood first, Kajal and Yukti bagged the second prize, Preetika and Pooja stood third and Tamanna and Neha received consolation prizes. In poem recitation, Jailalita got the first prize, Aditi stood second and Kajal received consolation prize.

Resentment continues to prevail among students and faculty of the CUHP for the delay in laying the foundation stone of the university. They feel let down by the consecutive governments in pushing the issue on the back burner leaving the students and faculty both in the lurch. The CUHP established in 2010 is still without a permanent campus and infrastructure.

Weeklong workshop concluded

A weeklong workshop on "In silico approach for modeling new material: Methodology and applications" organised by the Department of Physics and Astronomical Science in the CUHP was held recently. As many as 40 researchers from different institutions of India participated and were exposed to theoretical and practical overview of modern techniques for modeling new materials through the lecture and hands-on sessions. Prof Sushil Auluck from Delhi highlighted the importance of such workshops to produce quality research. He shared his 40-year experience and revolution of computer technology during this period. Prof PK Ahluwalia said two-way approach of the theory and hands on sessions made such workshops much more fruitful. Participants were introduced to recent computational techniques of designing new materials, which were helpful in understanding and designing new materials. Dr Rajendra Adhikari, from Kathmandu University, shared his experience with supercomputing facility set up in Nepal and offered free user accounts to the participants. Dr Jagdish Kumar said invention of new materials had crucial role in modern technical and digital revolution. He shared his talk on crystalline materials and role of such materials in technology. A hands-on session was organised thereafter by Dr Ashok Kumar from the CU, Punjab. Prof Ahluwalia talked about finer details of the technique of density functional theory (DFT) for study of materials. Prof BC Chauhan said the participants were also taught many free open source software (FOSS), which incorporated the DFT formalism to study different types of materials.

Prof Sastri awarded

Dr OSKS Sastri, Professor, Department of Physics, CUHP, has been awarded the "Teaching innovator Award 2016" in higher education for his innovation in the area of technology adoption in teaching by the MHRD, Government Of India under Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching. The award carried a cash prize of Rs 75,000, a silver medal and a citation.

Lecture on issues related to J&K

A lecture on issues related to Jammu & Kashmir and the UN was organised on January 16, on the CUHP campus under Samrat Lalitaditya Vyakhyanmala. Ranjan Chauhan, Senior Research Fellow, J&K Studies Centre, New Delhi, delivered a lecture and enlightened the audience that in the past 70 years, J & K had not only witnessed territorial loss but also cultural loss. He said the identity of J&K was restricted only to Kashmir valley and the cultural pluralism had receded to a great extent. The cultures of Gilgit, Baltistan, Leh & Jammu are out of agenda and discussion of media and intelligentsia is only about Kashmir, he said. The three important resolutions of UN were - Infiltrators from Pakistan in PoK would be withdrawn out of PoK, territory of India occupied by Pakistan would be returned to India and the will of the people would be ascertained. The first two resolutions were not implemented by Pakistan, thus the third resolution of the UN naturally became irrelevant. He suggested that Article 370 and sectarian
