

DEPARTMENT OF PLANT SCIENCES

EXTENSION ACTIVITIES (2018-2021)

Unnat Bharat Abhiyan

The Mission of **Unnat Bharat Abhiyan** is to enable higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. Under this, our department has got a project entitled 'Opportunities of Livelihood to Check the Migration from Hills in Himachal Pradesh' from NITI Aayog. The aim of the project to survey the different areas of the HP to document the socio-economical data and to check the reasons behind the migration from the hills. This project will also be helpful for identifying the challenges prevailing there so that policies for minimizing the same can be prepared and implemented.

Public Awareness programs

The faculty members of Department of Plant Science are actively involved in carrying out various public/farmers awareness events through a number of invited lectures and TV talks. During the year 2020-2021, the departmental faculty delivered lectures, organized webinars and conducted field tour on different occasions and locations.

- Organized Online International webinar on **"Innovation in crop improvement under changing climatic conditions"** at Central University of Himachal Pradesh on 28-05-2020 to aware the people about the various approaches to be used for crop improvement.

- Plant diversity is currently face the threat of extinction due to a variety of devastating activities, including, over-harvesting and over exploitation, destructive agricultural and forestry practices, urbanization, environmental pollution, land-use changes, exotic invasive species, global climate change, and more. Therefore there is need to explore the various approaches for the conservation of the plant biodiversity. Botanical gardens are one of an important resource for studying and conservation of these plants, as well as making the world's plant species diversity known to the public.

In order to establish the Botanical Garden at CUHP, an expert committee from Department of Plant Science and University visited the Jadrangal area of Dharamshala on 20-07-2020 (Site of University Establishment) and took stock of the situation there.

Expert Committee for establishing Botanical garden at Jadrangal, Dharmashala

- TV Talk on DD Kisan 'Sabjion mein grafting technique' by Prof. Pardeep Kumar, Head, Department of Plant Science on 16-11-2020 organized by DD Kisan-New Delhi to make aware the farmers/vegetable growers about the different techniques used for increasing vegetable production.

- Visit of M.Sc Plant Science, 4th Semester Students to nearby villages regularly to explore the plant vegetation and discussion with the locals under Community development course (PLS 508)

- One day field trip of M.Sc Plant Science, 4th Semester Students to Triund Dharamshala for exploring the medicinal vegetation/plant diversity growing there and understanding the effect of environmental factors on their growth.

PANEL DISCUSSION

Under the Ek Bharat Shresth Bharat programme initiated by Hon'ble PM Shri Narendra Modi, the Central University programme Incharge Dr. Manpreet Arora organized a panel discussion on the concept of the shared states and unity of India on 19th February 2018. The session was chaired by Dr. Bhagwan Singh, HOD Department of Marketing and Supply Chain Management. Dr. Vikram Singh, Assistant Professor, CBB was also present.

The major points of deliberations were as follows:

- States can benefit from each other's accomplishment. Each of them has done well on different parameters
- States coming together to share their best practices is a good idea. But more needs to be done to improve India in political, religious and social parameters.
- Despite of different diversities there are bonds of unity in India. These bonds of unity may be located in a certain underlying uniformity of life as well as in certain mechanisms of integration.

- India has never lost the ideal of unity. From time immemorial it found noblest expression in the thoughts of our sages and poets.
- Each religion preaches a fundamentally single religious faith and shares a belief in the purity and value of life and faith in an invisible power with every other religious system

Unity run at HP Central University

OUR CORRESPONDENT

KANGRA, MAY 31

World No Tobacco Day and Anti-Terrorism Day were observed at the Central University of Himachal Pradesh at its temporary administrative block in Shahpur on Thursday.

Dr Ashish Nag, programme officer, NSS, CUHP, said Pro-Vice Chancellor of CUHP Prof Hans Raj Sharma presided over the function. He said a unity run and 'nukaad natak' was organised on the occasion, besides an open discussion on tobacco menace and terrorism threat to India and globe.

The Pro-Vice Chancellor said reducing tobacco use promoted global health. He said tobacco was the leading cause of death, killing millions every year and also highlighted the threat of terrorism the world was facing. More than 100 students participated in the programme.

- Swatch Bharat Abhiyan

Swatch Bharat Mission, Swatch Bharat Abhiyan, or Clean India Mission is a country-wide campaign initiated by the government of India in 2014 to eliminate open defecation and improve solid waste management. It was initiated by Mr. Narendra Modi on 2nd October.

Regarding Swachh Bharat Abhiyan, the initiative has been taken from oneself only by cleaning the nearby areas of our residence and indulging the local people in making our surroundings clean in 2019-2020. We discuss such plan with the local authorities that we must organize such drive to create awareness about people regarding cleaning the one environment and why it was necessary for our and other people health and then accordingly we planned the activities in which there was the cleaning of the streets, picking up of the solid waste and many more.

In addition to the cleanliness drive to Swachh Bharat Abhiyan, we also planted the saplings which was also the part of the fieldwork activity that every individual has to plant a tree and take care of it and capture its progress timely and also encourage the family members and friends to do so at a large level so that its effect can be seen in our surrounding.

- **Unnat Bharat Abhiyan**

In Unnat Bharat Abhiyan students get the opportunity to interact with rural people. Department performs various activities through self-practice methods in the nearby villages along with the villagers like cleanliness drive, clean drinking water provision, and other community services in the year 2020 by Department of Social Work, CUHP. Awareness is facilitated through interaction with inhabitants of the village. UBA helps students to connect and acquaint themselves with rural India.

- **Cleanliness Drive**

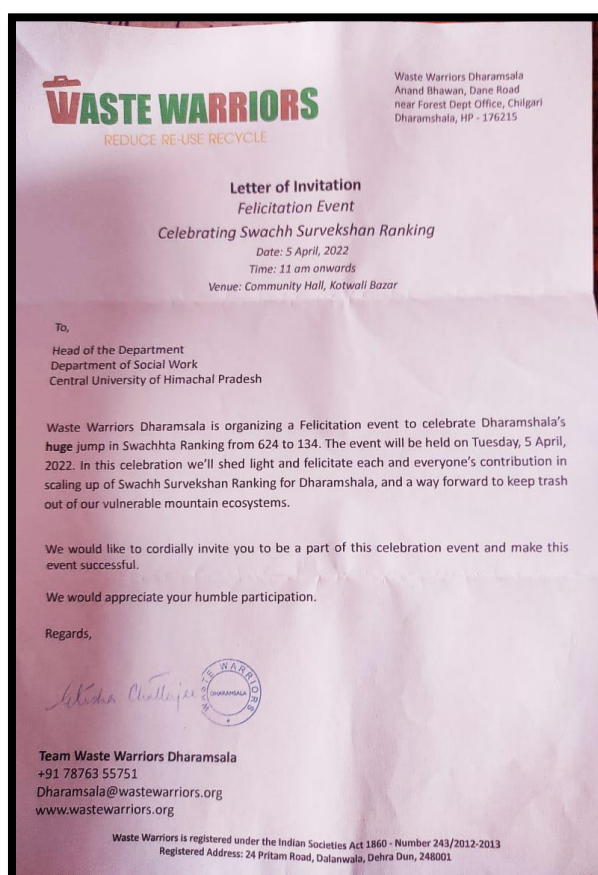

Various initiatives have been taken at the individual and group level to contribute towards the management of solid waste where the students of the university (Department of Social Work) collaborated with the waste warrior NGO and helped them in segregating the dry and the wet waste of the Dharamshala region mainly Dharamkot where this drive has been initiated in the year 2022. In which firstly we search for that spot where such mismanagement of waste was there and then accordingly plans have been made and initiated with the students and the other members of the NGO.

- Awareness program/ Public outreach activities

Awareness program was done by Himachal Pradesh Central University Environment Department under Green Brigade group in Dohab village of Shahpur under the Know River campaign. In which the students, scholars, faculty and dean of the department participated. Through this awareness campaign, the Dean made the students and the villagers aware about the plight of the river in Dohab and was informed about how to keep the river clean. Samples of the river were also taken by the students, 2021.

Conservation of “Boaries” has been initiated from the Department of Environmental Sciences in the Salol village of Kangra district to revive the dried Boaries/Springs. Awareness was created among the villagers regarding the sustainable use of fresh water resource.

- Environment Day

The day raises awareness about the environmental issues like global warming, marine pollution, human over-population, protection of wildlife, and sustainable consumption. It

has spread so far and wide, that world environment day has become a global platform for countries to reach out to the public.

Tree plantation on the occasion of Environment Day

- **International Yoga Day**

Spreading growth, development and peace throughout the world. - Making people aware of physical and mental illnesses and providing solutions through yoga. - It also aims to develop a habit of meditation for peace of mind, self-awareness which is necessary to survive in a stress-free environment.
